Technical Report - Workshop 4

Tomás Cárdenas Benítez - 20221020021

- USER STORIES
  - As an Admin, I want to add new vehicles to the inventory so that customers can see our latest offerings.
  - As a User, I want to search for vehicles based on trade, model, and year so that I can find the car I'm interested in.
  - As an Admin, I want to update vehicle details such as price and condition, so that the inventory remains up-to-date.
  - As an User, I want to see all the available vehicles so that I can browse the selection.
  - As an Admin, I want to remove sold or unavailable vehicles from the inventory to maintain accurate information.
  - As an User, I want to sort vehicles based on price or year so that I can find cars within my budget or of a certain age.
  - As an User, I want to receive the latest news of the vehicles offered by the dealership.
  - As an Admin, I want to be able to add vehicles with an hybrid type engine.
